

DWC-520A Semi-automatic Double Wire Closing Machine

Advantages:

This machine was researched&developed on the base of Japanese &South Korea's advanced technology. It is the best multifunctional binding machine with highest efficiency in China

- 1:can bind up to 800-2000 book per hour
2. double loop wire diameter 1/4" 5/16" 3/8" 7/16" 1/2" 9/16" 5/8" 3/4" 7/8" pitch 3:1 and 2:1
3. Book Width 70-520mm
4. Auto hanger Attachment
5. Multifarious function
6. Auto error reminder
7. Multifarious language interface design according to customer's request
8. Automatic transmit books, workers operate it very easily
9. The actuating element of machine to switch a new slide type to ensure machine long life and stability

Specification:

Feeding Mode	Manual
Wire Diameter	1/4" 5/16" 3/8" 7/16" 1/2" 9/16" 5/8" 3/4" 7/8" pitch 3:1 5/8" 3/4" 7/8" pitch 2:1
Max Paper Width	520mm
Max Binding Width	507mm
Min Paper Width	75mm
Working speed	800-2000 books/hour
Size of worktable	660x300(width and Depth)(mm)
Power	220v/1ph/50HZ/60Hz/0.2kw
Air Compressor	1.5KW
Air Pressure	6-8bar
Main Machine Dimensions	1000X760X1230mm
Net Weight	380kg
Dimensions of pay-off Unit	490X760X1230mm
Net weight of pay-off unit	65kg
Package Dimension	1800X760X1230mm
